GROOMERS AND GOOD TIMES, BEGINNER TO BLACK DIAMOND

Even without an official poll, Winter Park Territory just might be everyone's favorite part of Colorado's Favorite® resort. Known for its groomers, long cruisers, and renowned Ski + Ride School, it's perfect for families who want to stay together... and for those times you just want to escape on your own and tackle a diamond or two.

HOPE YOU ENJOY YOUR BRIEF ESCAPE FROM CIVILIZATION

Featuring some of the most persistent powder stashes on the mountain, Vasquez Ridge Territory is the very definition of "off the beaten path". With intermediate and advanced terrain as well as hidden pockets of untouched snow, you can truly get away from it all. Except utterly amazing skiing and riding. There's no escaping that here.

12,000 FEET UP, AND AN AMAZING JOURNEY DOWN.

Did you expect North America's highest six-passenger chairlift to ascend to views that AREN'T utterly majestic? But Parsenn Bowl is more than breathtaking 360-degree vistas. It's an intermediate-friendly, high-alpine experience, from challenging to chill, starting with a wide-open bowl and ending in gorgeous glades more than 1,600 vertical feet below.

SIX TERRAIN PARKS. ONE SUPERPIPE. ENDLESS CREATIVITY.

Proof that jumps, jibs and rails are truly for everyone. Our entire park system features an 18-foot super pipe and more than 80 other innovative, progressive features that we're always reconfiguring to enhance your... and our own... creativity on the slopes. Making our half-dozen parks both an easy start for beginners and a challenging test for experts... but only after earning their way into Dark Territory.

BIG BUMPS, ABUNDANT TREES, AND OCCASIONALLY VERY SORE QUADS

There's only one Mary Jane. The legendary lady has been known for her world-class bumps and tree-skiing for generations. But it's her laid-back, welcoming atmosphere that keeps you coming back time and again. Long, bumpy, and unabashedly challenging - but with plenty of blues to help you chill out when you need to.

THE THRILL OF BEING OUT-OF-BOUNDS, WITHOUT BEING OUT-OF-BOUNDS

Three words: exhilarating tree skiing. And glades. Okay, that's five words. But, see, that's the thing with Eagle Wind - there's always more. Named to honor the area's Native American heritage, Eagle Wind is home to pristine powder, tree and glade skiing, with expert, sidecountry-like terrain winding through a beautiful, challenging forest. All making you feel closer to the mountain spirits than perhaps anywhere else at the resort.

HOME OF STEEPS, CLIFFS AND STOMACH DROPS

Encompassing 1,332 acres of our most extreme, double-black diamond terrain, The Cirque Territory offers the excitement of ungroomed, backcountry skiing and riding within a patrolled area. Once only accessible by hiking, The Cirque now features the Cirque Sled, new for the 2013-14 season. Expert skiers and riders will find The Cirque to be all the challenge they want and more.
